It is presumed that by the expression 'Kanarese Elementary High School' occurring twice in the question is meant 'The Kanarese Evangelical Mission High School'. The necessary corrections may be carried out.

Clause (a):- On the assumption that the Member refers to the several aided secondary schools for boys in the South Kanara district, the names of such of the schools as participated in the special teaching grant in each of the years 1925-26 and 1926-27 respectively are noted below:-

1925-26

Christian High School, Udipi;
K.E.M.High school, Mangalore;
K.E.M.Secondary school, Kasargod;
Kanara High School, Mangalore;
Ganapathi High School, Mangalore;
Milagres Secondary school, Kalliyanpur;
Rozario Secondary School, Mangalore;
St.Aloysius College High School department, Mangalore
Rajah's secondary school, Nileshwar;
K.E.M.Secondary School, Moolky.

1926-27.

Christian High School, Udipi;
K.E.M.Secondary School, Kasargod;
Ganapathi High School, Mangalore;
Milagres Secondary School, Kalliyanpur;
Rozario Secondary School, Mangalore;
St.Aloysius College High School Department, Mangalore
Rajah's Secondary School, Nileshwar;
K.E.M.Secondary School, Moolky;
S.V.S.Temple Secondary School, Bantwal;
Kanara High School, Mangalore.

Clause (b) (1) and (2):- Yes.

Kanara High School, Mangalore:

In Proceedings C.No.2942 D-25 dated 18-11-1925 (copy attached) it was clearly laid down that the special teaching grant would be paid only to such of the institutions as undertook to adhere strictly to the conditions for the award of the grant. Yet the management of the Kanara High School stated that their contribution of Rs.366 would be conditional on the payment of a Government grant of Rs.1500 against Rs.1182 sanctioned in 1925-26. As the payment of a substantial amount by the management towards the object of the special teaching grant is a condition of sanction of grant (para 2(iii) of the Proceedings) and as Rs.1500 was considered excessive no grant was originally sanctioned, on the assumption that the management would contribute nothing, if the grant of Rs.1182 sanctioned in 1925-26 was repeated.

The relevant G.Os in connection with this grant are G.O.No.1486 H.E., dated 11-12-1920 and G.O.No.1621 L.E., dated 14-11-1921.

K.E.M.High School, Mangalore:

The main principle on which the special grant is awarded is that the managers of schools should use it to increase the pay of teachers over and above the amounts properly payable from the management's own funds, i.e. that the normal increments given by them to teachers from their own funds should not be paid out of the special grant. An examination of the management's ~~financial~~ statement regarding the distribution of the special grant for 1925-26 shows that they have reduced the increased scale of pay already in force in the school. As this course involves a serious breach of the chief conditions of the award of the special grant the school was excluded from participating in the grant.

Clause (b)(3):- Yes. The management of the Kanara High School subsequently gave an unconditional undertaking to abide by all the conditions of the award of the special

grant

grant and so the school was allowed a share of the grant.

Clause (b)(4):- Yes. The management of the K.E.M.High School made a representation to the D.P.I. on 28th February 1927 but no reply was given to the representation for the following reasons:-

(1) that the teaching grant had been distributed and funds were not available, the small unexpended balance having been earmarked for certain other schools; and (2) that it was thought unnecessary to give a reply to the representation in view of the fact that it had been brought to the notice of the managers of schools through District Educational Officers that the special grants would be payable only to such schools as undertook strictly to adhere to the conditions.

SECRETARIAT 11 AUG 1927 EDN DEPT.

Clause (b)(5):- The difference in the case of the two schools is noted below--

The Kanara High School continued to pay from their own funds the usual normal increments to the teachers.

The K.E.M.High School, Mangalore, reduced the normal increments payable from their own funds.

PROCEEDINGS OF THE DIRECTOR OF PUBLIC INSTRUCTION.

G. No. 2042-D/25, dated the 18th November 1925

****

READ:-- Proceedings R.O.C. No. 2213-d/24, dated the 12th November 1924.

1. It is anticipated that Government will authorize the distribution of the provision in respect of special teaching grant to aided Secondary schools, included under "31-B(b)-Eduvation Secondary-Direct grants to non-Government Secondary schools" in the Budget Estimate for 1925-26.

2. The undermentioned officers are requested, therefore to be required to submit to the Director proposals for the admission of aided Secondary schools within their jurisdiction, to participation in the special teaching grant during 1925-26.

2. While submitting their proposals in this regard the District Educatuional Officers and the Inspectresses are requested to see that only such of the institutions as undertake to adhere strictly to the following conditions are recommended:-

(i) that the grant will not be utilized in any other way than in raising the pay of professionally qualified teachers, pandits and instructors.

(ii) that the lower paid teachers will be given preferential treatment in the distribution of the grant.

(iii) that the management will contribute a substantial amount towards the object of the special teaching grant, either from their own funds or from increased income from fee collections obtained by levying fees at higher than the standard rates:

(iv) that the grant will be distributed in the form of regular monthly increments spread over the whole year and not in the shape of lumpsum bonuses

(v) that the managements of the schools concerned will submit along with the financial statement of their respective schools for 1925-26 a detailed statement of distribution of the special grant-showing therein- the amount contributed by them and the amount given to each teacher from their own funds and from the Government grant, and

(vi) that such portions of the expenditure due to the increase in the salaries of teachers as is met from the special grant will be deducted from the expenditure admissible for purposes of teaching grants in 1926-27.

3. In the case of institutions which have not participated in the distribution of the special grant in previous years- a statement showing the increase of pay given to the teachers in 1925-26 the rates of pay before and after such increase was given, the portion of the total increase met from the managers' own funds or from increased fee collections and the grant which the Inspecting officer would recommend in each case should be submitted.

4. With reference to condition No. iii in para 2 supra the managements of schools may be informed that preference will be given to those schools the managements of which are prepared to contribute a sum atleast equal to the amount of Government grant.

5. The proposals with the specific recommendations of the Inspecting Officers in each case should reach the Director on or before the 20th December 1925.

(b) (1) whether the Kanarese Elementary Mission High School and the Kanara High School were enrolled from the first list of secondary schools for 1926-27 issued by the Director of Public Instruction as entitled to the said special grant;

(2) if so on what grounds;

(b) (1) and (2)
The 'Kanarese Elementary Mission High School' is apparently a mistake for 'Kanarese Evangelical Mission High School'. It was found that the two schools referred to would not satisfy the conditions laid down for the award of special teaching grants and as such were left out in the first instance.

(3) whether the Kanara High School thereafter was brought on the list entitled to the grant for the year 1926-27 and if so, on what grounds;

(b) (3): Yes; the management of the school subsequently gave an undertaking to abide by all the conditions of award of the grant.
